ARMY Declass/Release Instructions On File

Colonel Matthew Baird
Director of Training
Central Intelligence Agency
Washington 25, D. C.

Dear Colonel Baird:

25X1A

The United States Army Intelligence School has a continuing requirement to augment its program of training with competent guest instruction in specialized areas of interest. Previous presentations by [redacted] on the topic, "National Intelligence Organization and Functions" have contributed so effectively to our training efforts that we are soliciting his services to present this subject to our current Associate Military Intelligence Officer Advanced Class on 24 March 1959 from 1010 to 1145 hours.

It is suggested that the scope of his talk include a discussion of the evolution of the national intelligence family; necessity for creation of coordination authority; the National Security Council and its functions; Intelligence Advisory Committee and other subsidiary elements.

As in the past, a portion of the lecture session will be reserved for a question and answer period. All of the students have been cleared for access to TOP SECRET information.

It is hoped that this request will be favorably considered. If the dates suggested are not satisfactory, we shall be glad to arrange more suitable ones.

Sincerely yours,

FRANK J. CAULFIELD
Colonel, Infantry
Asst Commandant
